

Leek First School General Risk Assessment Record Form

1. **Leek First School** 2. **Assessor(s) Kevin Allbutt**

3. **Description of Task/Activity/Area/Premises etc. Delivering Education during the COVID-19 Pandemic from 2nd September 2020**

What are the hazards?	Who might be harmed and how?	What are you already doing? List the control measures already in place	What is the risk rating – H, M, L? See section 5	What further action, if any, is necessary, if so what action is to be taken by whom and by when?	Action Completed State the date completed and sign.	What is the risk rating now – H, M, L? See Section 5
<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing. The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Everyone on site.</p> <p>General transmission may occur: Through close contact between colleagues, pupils and visitors and touching contaminated surfaces.</p>	<ul style="list-style-type: none"> • Anyone feeling unwell or has someone in their household who is unwell informed not to attend school. • Testing available for staff and household. • Social distancing maintained wherever possible between all adults on site and between pupil groups. • Frequent handwashing promoted. • Hand sanitiser available in shared spaces, entrance and exit points. • Frequent cleaning of surfaces that pupils touch. • Bins for tissues emptied during the day. • Staff, parents and visitors informed of the measures in place to reduce transmission. 	<p>Medium</p>	<ul style="list-style-type: none"> • Review cleaning schedules. • Signage used to promote hygiene (respiratory and hand) and social distancing. • Review stocks of soap, hand sanitiser, tissues. 	<p>22/5/20</p> <p>22/5/20</p> <p>25/5/20</p> <p>25/5/20 and on going</p>	<p>medium</p>

<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing. The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Staff and pupils. Transmission may occur when providing personal or intimate care</p>	<ul style="list-style-type: none"> • PPE provided (such as disposable gloves, disposable apron) • • Hand washing after providing care and before if possible. 	<p>Medium</p>			<p>Medium</p>
	<p>Staff and casualty. Transmission may occur when providing First Aid</p>	<ul style="list-style-type: none"> • Wash/sanitise hands before and after treating a casualty. • Wear disposable gloves, disposable apron, fluid resistant surgical mask and eye protection where there is a risk of respiratory droplets splashing into the eyes due to repeated coughing or vomit. • When performing CPR phone an ambulance and use compression only CPR until the ambulance arrives. If a decision is made to perform mouth-to-mouth ventilation, use a resuscitation face shield where available. 	<p>Medium</p>	<ul style="list-style-type: none"> • Maintain stocks of PPE. Where this is not available contact Local Resilience Forum/LA. <p>Order resuscitation masks</p>		<p>Medium</p>
	<p>Resuscitation Council UK Statement: It is likely that a child having an out-of-hospital cardiac arrest will be known to you. We accept that doing rescue breaths will increase the risk of transmitting the COVID-19 virus, either to the rescuer or the child. However, this risk is small compared to the risk of taking no action as this will result in certain cardiac arrest and the death of the child.</p>					

What are the hazards?	Who might be harmed and how?	What are you already doing? List the control measures already in place	What is the risk rating – H, M, L? See section 5	What further action, if any, is necessary, if so what action is to be taken by whom and by when?	Action Completed State the date completed and sign.	What is the risk rating now – H, M, L? See Section 5
	Staff Transmission may occur when supervising pupils taken ill with symptoms of COVID-19 and need direct personal care until they return home.	<ul style="list-style-type: none"> Increase ventilation in the room if possible. PPE provided for supervising adult: Fluid resistant surgical mask if a 2-metre distance cannot be maintained. Where contact with the pupil is needed: Fluid resistant surgical mask, disposable gloves and disposable apron.	High	<ul style="list-style-type: none"> Maintain stocks of PPE. Where this is not available contact Local Resilience Forum/LA. Isolation room wardle room 		Medium
	Staff and pupil. Transmission may occur when staff administer medicines or supervise pupils who self-administer.	<ul style="list-style-type: none"> Supervising staff to maintain 2m social distance if possible. 	Low			Low

4. Tick (✓) if any of the identified hazards relate to any of the following specific themes:

Hazardous Substance	Manual Handling	Display Screen Equip	Fire	Work Equip / Machinery	Stress	Individual Person such as Young Person New/ Expectant Mother or Service User
----------------------------	------------------------	-----------------------------	-------------	-------------------------------	---------------	-------------------------------------------------------------------------------------

					✓	
--	--	--	--	--	---	--

If any are ticked a specific risk assessment form must be completed separately. For example a COSHH form must be completed if a hazardous substance is used.

5. Risk Rating

The risk rating is used to prioritise the action required. Deal with those hazards that are high risk first.

Risk Rating	Description	Action Priority
High	Where harm is certain or near certain to occur and/or major injury or ill-health could result	Urgent action
Medium	Where harm is possible to occur and/or serious injury could result e.g. off work for over 3 days	Medium priority
Low	Where harm is unlikely or seldom to occur and/or minor injury could result e.g. cuts, bruises, strain	No action or low priority action

6. Assessment

Signature of Assessor(s):
Print Name: K Allbutt

Signature of Line Manager:

Date Assessed: 5/01/21

Review Date:

7. Communication and Review

This risk assessment should be communicated to all employees and relevant persons who may come into contact with the hazards being assessed. The assessment must be reviewed annually or following a significant change, accident or violent incident.
